

Order Phosphorus kits as soon as possible to avoid shipping delays, so the kit is in your home on **January 25<sup>th</sup>**, when it needs to be collected. Use the link provided below to order:

<https://one.phosphorus.com/covid19/application?npi=1013916808#/>

When ordering a kit, answer all questions to the best of your ability. Questions asked during the ordering process are for reporting purposes. Required fields will be marked with an asterisk.

Provide your domestic home/mailling address when ordering, do not provide the school address.

Boarding students, collect your sample and send it back on **January 25<sup>th</sup>**.

Day students, collect your sample and send it back on **February 2<sup>nd</sup>**.

Follow instructions for collection of the sample and packaging:

1. Complete 2 peelable stickers which will be located at the bottom of the prepopulated test requisition form that comes in your kit.
2. Ship the sample back to the lab using the pre-paid FedEx packaging provided.
3. Results are sent via email to patients with a guaranteed turnaround time of 72 hours. Loomis will also have direct access to these results.

Tips to Avoid Delays:

- Make sure the samples reach the lab within 56 hours of the time the sample is collected
- Tightly close the lid of the saliva kits after the collection of samples in order to avoid spillage
