

NoodleTools

Create a New Project, Citations, and Sharing Project

- Go to NoodleTools: <http://www.noodletools.com>
- Log into your account

Create a New Project

- In **Projects**, click on **New project**
 - Enter project title
 - Choose a citation style:
 - History: **Chicago/Turabian**
 - English: **MLA**
 - Science: **APA**
 - Choose citation level: **Advanced**
- After project is created you are in the Dashboard for the project

Create a New Citation

- Choose a project and in **Sources**, click on **New Source**

Create new citation ✕

Where is it?

Database	Website	Print or in-hand	Viewed/heard live	File, app, e-book	Other ▾
----------	---------	------------------	-------------------	-------------------	---------

Click the option above that describes how you accessed this source.

<input type="checkbox"/> Electronic/Online	<input type="checkbox"/> Nonperiodicals	<input type="checkbox"/> Unpublished
<input type="checkbox"/> Periodicals	<input type="checkbox"/> Audio, Video, Images	<input type="checkbox"/> Legal and Government Sources

- Choose where you have accessed this source: Database, Website, Print or in-hand, Viewed/heard live, File, app, e-book, and Other
- Choose the type of source, such as Book, Journal, Newspaper, or Review
- When citing a book, users can take advantage of the NoodleTools integration with WorldCat. **View Book Citations tutorial on how to import**
- Enter information on your bibliographic screen that is necessary to complete the format type
- Each different kind of resource requires different kinds of information
- Click **Save** to create your citation
- Once your citation is generated, it is saved to your project
- You now have the choice of adding more citations under **New Source**
- You may email a copy of your bibliography to yourself by clicking **Email**
- You can also make a copy of your bibliography by clicking on **Print/Export**
